In the 2024-2025 school year, with your help, we were able to distribute three awards to three incredible students at Keyano College. Awards help students who rely on financial assistance to help them complete their studies.

Keyano College and our students would be forever grateful if you would come on board to support these awards for the 2025-2026 school year. Award applications will soon be open. If you would love to be apart of this lifechanging program, please review the current criteria above. If any edits are required, I can make them for our student awards booklet.

Please let me know if you have any questions, I would love to help with this process.
